Utah Partnerships For Catalyzing Data Into Action
06.21.2023

Jaime Wissler
Executive Director

ONE UTAH
Health Collaborative

Our Vision

Utah will lead the nation in affordable healthcare that improves the quality of life for all Utahns.

The Problem

Healthcare costs are rising for individuals, employers, and the state.

At the same time, we are not getting better outcomes, and they are unequal.

Commit to Action

Partner logos: AARP Utah, Black Physicians of Utah, HAU, evolvedMD, Leavitt Partners (An HMA Company), University of Utah Huntsman Cancer Institute, Regence, Revere Health, tava, UHIN, Campaign for Action, UAPA (Utah Academy of Physician Assistants), Utah Department of Commerce, House of Representatives State of Utah, Utah Family Pharmacy, NAACP, Utah Valley Chamber of Commerce, givv., UHPP (Sustainable Health Care Solutions for Underserved Utahns), Cache County, Families First Pediatrics, Utah Independent Agents, Utah Independent Agents, UMA (Utah Medical Association), Utah Public Health Association, Salt Lake Chamber, United Way of Salt Lake, Molina Healthcare, AUCH (Association for Utah Community Health), Exodus Healthcare Network PLLC, Wadsworth Development Group, Wadsworth Development Group, UCHWA (Utah Community Health Workers Association), Common Sense Health Care for Utah, HMA (Health Management Associates), Intermountain Health, Larry H. Convener of the Utah Healthcare Community

The Collaborative serves as the convener of the Utah healthcare community, working with local stakeholders who have proven they are willing to approach healthcare reform in a community-centric way.

On April 10, we formed our Digital Health Working Group to begin working together to address data interoperability. All key players came together and have committed to collaboration.
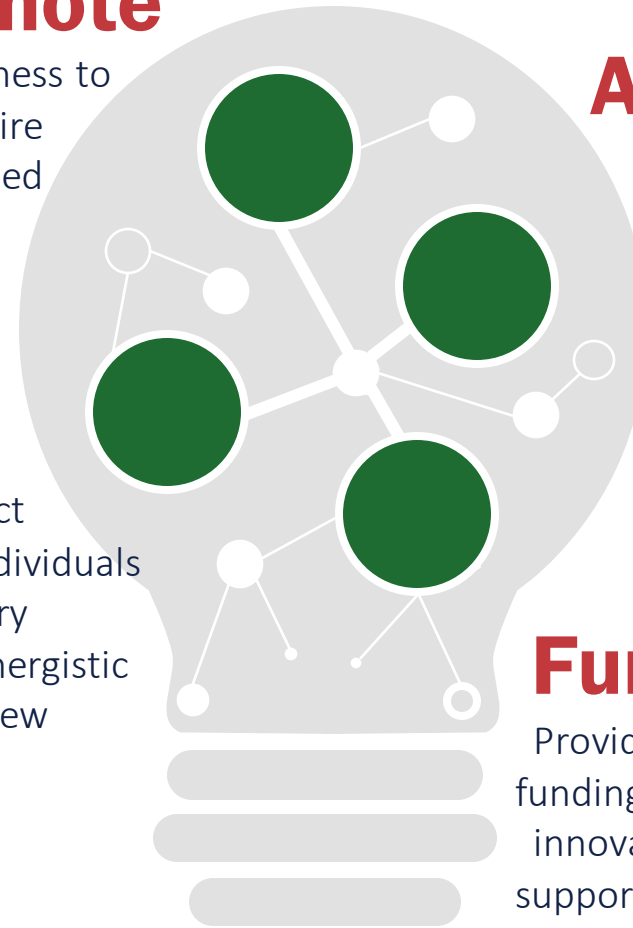

Align the Community

Promote
Bring broad awareness to innovations to inspire replication, expanded participation, and enhancements.

Assist
Provide services that enable innovations to succeed and scale, such as program evaluation, data analysis, project management, or advise on market and policy barriers.

Connect
Identify and connect organizations or individuals with complementary capabilities and synergistic interests to forge new partnerships.

Fund
Provide time-bound funding to test innovations, paired with support to identify sustainable and non-charitable funding sources.
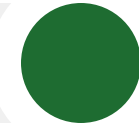

Accelerate Innovation

Collaborate with Us.

Join our teams. 01

Join our Digital Health Workgroup, Innovation Committee, and share our job posts.

Innovate with us. 02

Submit and/or connect with us about your innovation ideas.

Sign our pledge. 03

Commit to support our three goals of affordability, equity, and outcomes.

Connect. 04

Connect with us on LinkedIn, sign up for our newsletter, and check out our website.
